*Information
for the Buyer*

MAIL BIDS - Those unable to be present who desire to take advantage of the buying opportunities in this sale, may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you. They may be contacted at the addresses listed, or they can be reached in Indianapolis in care of Severin Hotel.

Representing **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**

Kenneth R. Fulk

Ed Huff

Representing **THE SHORTHORN WORLD**, 16 South Locust St., Aurora, Illinois

Don Longley

Horace Walker

HOTEL RESERVATIONS - It is necessary for all who plan to attend this Congress to make whatever hotel reservations are required as far in advance as possible. The Severin Hotel in downtown Indianapolis has been established as headquarters and the management will make every effort to accommodate you. Mention the Polled Shorthorn Congress. Address Miss Nancy Gleason, Room Reservations, Severin Hotel, Indianapolis, Indiana.

SHIPPING ARRANGEMENTS - It is the obligation of the consignors and this Society to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

LIABILITY - Although every precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Society, nor its representatives, nor the auctioneers, or clerks, can assume any liability for accidents.

TERMS - The terms of the Sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

GUARANTEE - All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

AUCTIONEERS - C. D. Swaffar, Tulsa, Oklahoma and Donald L. Smock, Indianapolis, Indiana.

AMERICAN POLLED SHORTHORN SOCIETY

Cooperating with

AMERICAN SHORTHORN BREEDERS' ASSOCIATION

Kenneth R. Fulk, Secretary

In Appreciation

We know all Polled Shorthorn folks join us in extending our appreciation to the Indiana Polled Shorthorn Breeders' Association for their efforts and cooperation in connection with this Eighteenth Annual National Polled Shorthorn Congress.

The Indiana Polled Shorthorn Breeders' Association contributed \$1,000 toward the premiums awarded in the individual classes.

We have once more the opportunity to extend sincere thanks to Mr. Charles J. Lynn of Lynnwood Farm, Carmel, Indiana for his continued contribution of \$1,000 to provide premium money for the four group classes. This offer has done much over the years to encourage top consignments to our annual Congress event.

For the first time in 1957 a new revolving trophy was offered to the Best Bull and Female, bred and owned by exhibitor, known as the BROMA ADAMS TROPHY, and must be won three times to become the permanent possession of the winner.

Ribbons will be awarded by the American Shorthorn Breeders' Association.

And finally, but certainly not least, a great big "thanks" to the Polled Shorthorn breeders consigning their top productions and making this Congress Show and Sale possible.

STANDARD GUARANTEE ENDORSED BY THE AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

ALPINE JUGGLER 2D x - Has plenty of scale and bone, is short-legged with a good smooth polled head. Has been part of our show herd for the last two years, and was third in a strong class of senior bull calves at the Iowa St. Fair. He has been used in our herd and his first calf is a nice solid red polled heifer.

WHITE OAK DETERMINATION M x - Is the last son of the \$10,500. Oakwood Determination to be offered. We have retained 30 daughters of Determination for our herd and have used this son on our top horned females. He has a wonderful head, good top-line, plenty of depth and thickness with the ruggedness to make him a breeding bull. He should be a 100% dehorner. His full-sister was 1956 Ohio State Show Champion, Senior Champion at the 1956 Ohio State Fair and won the two-year-old class in Chicago. Study this pedigree carefully.

BAR-RUS EMBLEM x - Is a great-headed, dark red, thick and deep-bodied bull with lots of weight for age. His dam was one of the outstanding cows in the E.P. Laughlin Dispersion. His sire was Junior Champion at the Nebraska State Fair and Reserve Grand Champion at Des Moines, Iowa in 1955.

International Grand Champion Shorthorn Steer

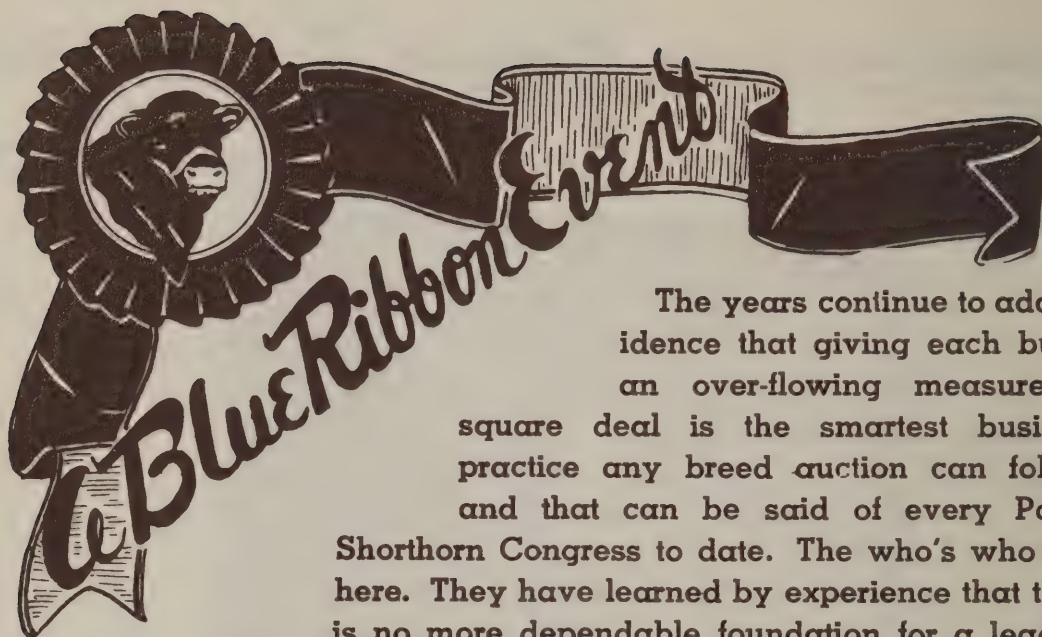

Pat Meade, Camden, Indiana, owner of "Rowdy" is congratulated warmly by Governor Harold Handley of Indiana. This excellent crossbred steer claimed Champion Shorthorn honors at the 1957 International.

A great tribute to Polled Shorthorns was paid at the 1957 International Live Stock Show when Judge A. D. Weber gave the nod to "Rowdy" for the Shorthorn Championship. The particular interest of Polled Shorthorn breeders was natural since the steer was a crossbred from a Polled Shorthorn bull and out of a Hereford cow.

Here indeed was a living tribute to the ability of Polled Shorthorn bulls in practical crossbreeding operations. In a tough steer show..... one of the best in the nation.....Polled Shorthorn bulls proved their prepotency by putting the right things in the right place. Here is actual proof of the breeding ability, the high quality, the dollar profit-ability of Polled Shorthorns.

This great steer was sired by E & K Royal Lad x - a 1950 son of Starr's Laddie Boy and out of an Edellyn Royal Leader 2d dam. E & K Royal Lad is currently owned by Frank J. Hutchison of Argos, Indiana.

If you are looking for quality, feed conversion ability, the kind of bulls to carry through with desirable offspring then look to the Polled Shorthorn for the right kind.....the HORNLESS KIND!

The years continue to add evidence that giving each buyer an over-flowing measure of square deal is the smartest business practice any breed auction can follow, and that can be said of every Polled Shorthorn Congress to date. The who's who buy here. They have learned by experience that there is no more dependable foundation for a leading herd than championship blood, and it can always be found at these annual national events. COME AND PROVE IT TO YOURSELF.

6

COOPER FARMS

GLATWYN FASCINATOR x - Is a good-headed breeding prospect. He is not fat, as he ran in pasture with a group of helpers from June through to October with no grain. We have several heifers bred to him. When we bought the entire White Oak herd we got his dam and she is one of the best cows we ever purchased. After Wayne Carr saw the good calves by Lynnwood Raider he bought him to head his herd.

OAKWOOD NONIMATION x - 1957 International first prize Senior Yearling and a member of the 1st pr. group of three bulls. He topped his class at the Ohio State Fair, Ohio State Short-horn Show and Canadian National Exposition--the two latter shows were in horned competition. His sire was Senior and Reserve Grand Champion at the 1954 International and has been a 100% dehorner. His dam produced a long line of top calves consistently and combines the influence of Collynie Royal Barrage, Collynie Victor Royal, plus the two Perth Champions, Millhills Ransom and Calrossie Command. He is a "beef bull" and should sire calves of the same pattern.

TARA HILL MARK

		Roan, Lewis W. Thieman

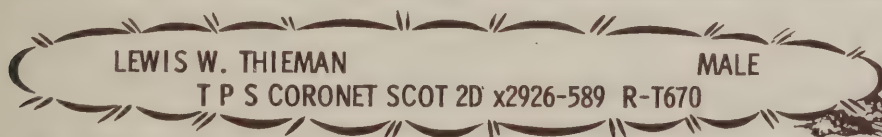

AVENEL INVINCIBLE x - Is a deep-bodied, heavy-boned, white son of our good imported sire that produced one of the top selling horned heifers in 1955. The dam of this bull was the 1954 National Polled Congress Champion female and today is probably the thickest-bodied, shortest-legged female in our herd. This bull has the quality and breeding necessary for a top breeding sire.

International GRAND CHAMPION BULL

TPS MAX CORONET 92D x - A smooth bull with straight lines, shows character and a great head. He was International Grand Champion Polled Shorthorn bull for Lewis W. Thieman, Concordia, Missouri. One of the distinguishing features of this prize-winner is the width and depth of quarter so evident in this photograph. This coupled with his balance carried him to the Grand Championship of the Missouri State Fair and in stiff horned competition earned the Reserve Junior Championship honors at the 1957 American Royal in Kansas City. He is sired by Coronet Max Juggler 18th x.

18

Solid Foundations for Leadership Polled SHORTHORN

NATIONAL CONGRESS

Solid Foundation for Leadership

The natural polled characteristic is an asset in many ways, not the least of which is the economic factor. In grade herds the advantage in time and expense is obvious...NATURE is doing the job. Infection and animal health factors are to be considered in any breeding program, be it registered or commercial, so why gamble when Polled Shorthorns are the obvious answer...NATURE is doing the job. Livestock production in the "Sputnik" age has become a simple matter of economics. Polled Shorthorns have a strong place in that picture for they are economical investments...modern cattle for modern times.

The uniformity of Polled Shorthorns is indeed a tribute to aggressive and foresighted breeding programs. Herd improvement is available through the degree of quality evidenced by productions from herds all over the country - coupled with the all important hornless character. Shorthorn superiority and breed character have been transmitted to Polled Shorthorns. Early maturity, quiet dispositions and the all important feed conversion ability are present in Polled Shorthorns.

The need for naturally hornless cattle has long existed. Far-sighted and progressive breeders embarked long ago on a project of development of these important balanced breedings to produce a superior product without horns. It is a living tribute to the efforts of these men that today Polled Shorthorns are available of the quality and breeding to work herd improvement wherever they go.

You can put this same high quality, along with efficiency of production, in your herd with Polled Shorthorns from this Congress Sale.

Breeders of registered Shorthorn and Polled Shorthorn cattle have been greatly encouraged by market trends in recent months which have pointed the way to Shorthorn popularity all over the nation. A new record average of \$926.00 was established on range bulls at the National Western Stock Show - and gave proof to even the most sceptical that more and more people are banking their futures on a solid foundation of Shorthorn and Polled Shorthorn breeding. Ranchers and farmers of the nation are learning that our great breed is producing high performance cattle, capable of efficient feed conversion.

The economy of the general livestock industry has sounded a new note of optimism over the past year. Even greater promise lies ahead for sound breeding operations, and Polled Shorthorns have a strong spot in that future development. Just as industry must seek new and sound production techniques, so must the livestock producer find the most economical and practical means of accomplishing a profitable production program. Producing cattle without horns is one way that efficiency can be increased, along with herd improvement based on the high and certainly competitive qualities inherent in Polled Shorthorn bulls. This Congress offering presents useful, practical cattle, selected for efficient herd management programs.

OAKWOOD MEDIATION x - Is a three-quarter brother to Oakwood Gladiator, 1957 International Reserve Grand Champion bull. He's the same pattern - deep sided, thick, good-headed, with a rear flank seldom found. His maternal grandam produced the 1952 International Grand Champion bull and her dam produced the Congress Gr. Champ. bull that sold for \$4000. to Frank Johnston, Red Deer, Alberta. He inherits the right to be a stock bull and looks the part.

C F COLLYNIE 80TH x - Was undefeated in class in 1957, being first at Illinois, Ohio and Indiana. His sire was Reserve Champion at the International when seven months old. This calf is just as good as his sire at the same age - very thick, deep-bodied, short, sturdy legs and a wonderful head that looks like a 100% dehorner - like his sire.

International Prize Winning Shorthorn Beef
Will be Served at the *Annual Polled Shorthorn Banquet*

One of the outstanding events of the Congress will be the annual Banquet. Featured will be prime ribs from the Grand Champion steer of the Junior Show at the 1957 International. Through the generosity of Mr. W. A. Atkins, owner of the Hotel Severin, the Grand Champion steer of the Shorthorn Junior Show at the 1957 International will be served. This fine Shorthorn steer was purchased by Mr. Atkins for 66 cents per pound. The good red steer was owned and exhibited by Bruce Baker of Fairmount, Indiana - pictured above with Mr. Atkins and "Two Spot".

"Two Spot" will be prepared by the Severin's renowned Chef, Mike Grande. Under his careful supervision a staff of chefs will prepare the prize Shorthorn beef to perfection. "Top of the Severin" will be the location for the Banquet on March 17th.

An information and registration desk situated in the lobby of the Hotel Severin will be available for information about Indianapolis and to assist with activities of the Congress. This fine hotel will be anxious to accommodate you. It is suggested reservations be requested at the earliest possible date. Visitors will find the assistance provided here a great help in making the stay in Indianapolis even more enjoyable. This lovely town, with its friendly warmth has many interesting and unusual places of interest to any visitor. Your visit to the Congress can be very pleasant, as well as profitable.

Dave the Doorman....

Greeting guests as they arrive for the Congress will be genial Dave. He will welcome visitors to an interesting two days of Congress activities.

Sale and Show activities will take place in the Draft Horse Barn on the grounds of the Indiana State Fair. The excellent accommodations include a heated show pavilion and heated sale ring. A wash-rack is available and will also be heated for convenience. This beautiful setting will afford exhibitors an outstanding arena in which to exhibit their animals and assure all visitors excellent and comfortable seating for the show and sale.

International

GRAND CHAMPION FEMALE

AVENEL DUCHESS 3D x - Standing in the strongest female group in the recent history of the International, this great heifer capped the day by being named Grand Champion Polled Shorthorn female for 1957. Owned and shown by Avenel Farms, Bethesda, Maryland, she was one of the outstanding champions of all time. A true female of the Polled Shorthorn type, she is very straight-lined, with a great head and perfect in conformation. This proud champion was sired by Camson Better News.

AVENEL RED BUTTERFLY x - Is a very good prospect for a brood matron. Her dam was Grand Champion female of the 1956 National Polled Congress and is today a near ideal type Polled Shorthorn cow. Her sire is a half-brother to an International Grand Champion female. SELLS BRED.

More Evidence of Polled Shorthorn Quality

Another pair of International Grand Champions. Have you noticed how many of the new men coming into the beef cattle business are electing to start with choice animals that have hornless heads? They have studied the economic factors. They know that the commercial producer wants them hornless. They know that the feeder wants them hornless and that the processor will pay more for finished steers if they are hornless. Of these factors they are certain. It's the SURE factors that guide any business toward a sound future.

The Pattern for the Future Calls for Polled Heads

The pattern for the future is set. The transition from a horned herd to a polled herd is simple because both kinds are recorded in the same registry association. Why the big swing? The answer is simple. It all boils down to these two facts..... beef cattle with polled heads are easier to handle, easier to sell. Study the picture of the International Grand Champions above. Today's Polled Shorthorns have size, character, quality and true beef type. The Congress is one of the best places to buy Polled Shorthorns.

ROSEWOOD CORONITA 48TH x - Is from a grand producing Rosewood family. This good headed heifer is a line-bred Juggler. Both grandsires have sired International Grand Champions. Plenty of polled breeding here and some of the best. Pretested Clean. BANGS VACCINATED. SELLS OPEN.

Versatility is their Virtue

Naturally hornless Polled Shorthorns are popular everywhere and the demand will increase with beef cattle production expansions in the future. Master breeders with sound knowledge, patience and foresight have accomplished much in the production of more and better Polled Shorthorns and these proven bloodlines are available to you through the animals consigned to this sale.

Buy the right kind of cattle at the right time. The time is NOW -
at this great Congress Sale!
